With regard to independent claims 1, 6, and 10:

generating a personal identification number corresponding to the transaction information; and

transmitting the personal identification number to the recipient at the recipient address.

With regard to independent claims 11, 16, and 21:

generating an identification number;

associating a song and a voice message using the identification number;

receiving a request from the recipient, the request including the identification number.

In addition, Examiner points to the arguments of Applicant's representative (Responses on 10/27/05; pp. 12 - 17 and 3/10/05; pp. 12 - 16).

2. These limitations, in conjunction with the other limitations in the independent claims, are not specifically disclosed or remotely suggested in the prior art of record.
